Program Your Idea" Competition
(Fourth Round – 2019/20)
Public, Charter and Private Schools, Abu Dhabi Emirate

EVALUATION PROCESS

The rigorous evaluation process follows two external evaluation levels, in addition to the initial school-based evaluation.

Stage One: Two judges will be assigned for each project. Each assigned judge will evaluate each project independently. After completing the evaluation process, ten shortlisted projects in each category will be invited for exhibition on the day of the competition.

Stage Two: On the day of competition, a panel of judges will evaluate the shortlisted projects and accordingly select the best three projects in each category. Grand prizes will be awarded to the top three teams in each category. The teams from 4th to 10th position in each category will also be recognized and rewarded.

General Information about Evaluation and Awarding

- After submission deadline is closed, projects will go through an evaluation and screening by evaluation teams
- 10 best projects will be shortlisted in each category based on the evaluation criteria therefore a total of 40 teams/projects will be shortlisted across all categories.
- The 40 shortlisted teams will be invited to participate in the final competition ceremony day where each team must exhibit their project and idea to the judges
- Judges may ask questions and explanations from each team to ensure the quality and validity of the shortlisted projects

EVALUATION CRITERIA

These submissions will be evaluated based on seven merits to select the top performing projects:
